President's Message

August 1

Stan Blazyk, "Trees"

Trees and humankind have always had a symbiotic relationship. Civilization, as we know it, would have been impossible without them. As such, trees also serve as key symbols for the sacred and are deeply embedded in our psyches. Today's talk will look at the practical and symbolic significance of the tree. Stan is a member of the Fellowship, a weatherman, and poker enthusiast.

Larry Janzen, "Favorite Hymns"

Larry Janzen, longtime member of UU and "tenor extraordinaire," will lead the Fellowship in a spirited worship service of members' favorite hymns. This service promises to be uplifting, spiritually satisfying, and just plain fun. Please join us! Larry is a longtime member and Past President of UUFGC.

Shirley Haulotte, "Embracing the Darkness"

At one time or another a person goes through a period of sadness, trial, loss, frustration, or failure that is disturbing and long-lasting. That darkness ("night work") contains important gifts if one is open to receive. Reverend Shirley Haulotte, a Chaplain and an experienced social worker explores the existential and spiritual aspects of night work. Religion and philosophy provide insights into this crucible that has the potential to provide meaning, character, and substance.

Gerry Carr, "What Is the Religious Life and How Can I Get One? Part II"

Gerry will share her continuing quest for the religious life. A lover of all things religious, the skeptical side of Gerry has reared its head again. What does this mean? What can we learn as we continue our journey together? Gerry is Chair of the UUFGC Program Committee & Past President of the Fellowship.

POT LUCK AFTER THE SERVICE

Michelle Sierpina, "After the Storm, Silver Linings!"

Join a UTMB gerontologist for a look at how we can successfully rebound after significant loss, disappointment, and set-backs in life. Come and engage in a conversation about how experiences that challenge our resources, resilience, and ability to recover can open us to discovering the silver linings in every cloud and the rainbows in every rain storm. Dr. Michelle Sierpina is the Director of OSHER Lifelong Learning Institute in Galveston.

August takes us into the dog days of summer in Galveston, and into increasing awareness of what weather patterns may be developing in the tropics. As in years past, the leadership of the Fellowship will be discussing emergency planning and preparation for tropical events that could pose a threat to us. All members are welcome to participate in such preparation. Watch this column and other announcements for details.

Much improvement in the condition of the landscape around our building has been obvious of late. Thanks to **John Hunger** and to landscaper Alex Flores for the good work. Part of John's efforts has been the new chain-link fence in our back yard. That, along with the improved wooden fence at Whataburger has made that area look much better.

I am happy to report that the special collection taken for Kiva, the on-line platform for fomenting microfinancing of budding entrepreneurs in third-world countries brought in a very respectable \$287. Kiva operates with local 0%-interest lenders in some 53 countries. According to Kiva's website, it has initiated \$148,462,125 in loans since it began in 2005, and has had a 98.33% repay-

This is our great covenant: to dwell together in peace, to seek the truth in love, and to help one another.

ment rate by borrowers. Kiva reports that 82.14% of the loans have gone to women, and that the average loan amount is \$386.90, some of which represent loans to groups. Our special collection can have a real impact and I am proud of our Fellowship's generosity.

Keep your eye on the *Galveston Daily News* for increasing visibility of ads about activities of our Fellowship. **Madeleine Baker** and the publicity committee worked with **Mary Hodgson** and the social action committee to come up with budgeted monies to buy into a special advertising offer from the newspaper. It will allow greater flexibility in letting the public know about activities and events at the Fellowship along with greater frequency and size of ads. Thanks to these two committees for their quick response to an opportunity that had a limited-time availability.

Each Sunday we repeat an affirmation which, in part, states that our covenant is "to help one another." Your Board members have decided to call our members or friends whom we have not seen for some time at the Fellowship. It may be that these folks are on a long trip, are busy with other activities or, perhaps, are ill. If you are aware of friends or members you haven't seen in a while, consider giving them a friendly phone call just to see how they are doing. You might mention you are concerned because you haven't seen them in a while, and just wanted to be sure they are OK. Such calls might reveal circumstances showing a need for us to help one another. In any event, it's just a nice thing to do.

Finally, the work of our administration team (A-team) is about to get a bit easier. The A-team has been laboring with a five-year-old computer to accomplish their important work for the Fellowship. Of course, in computer terms, five years old is as good as ancient. Using funds it its budget, the A-team will soon have a new machine to facilitate the organizing, publishing, and budget work. Kudos to the A-team for its fine efforts on behalf of all of us.

My best to everyone for a safe summer.

Mike Hennen

Board President

Calling all singers: Do you like to sing with a group? Would you be willing to take a bit of time out of your month to rehearse music for our Sunday services? The uber-talented **Susan Vaughan** has offered to work with us once a month to do this. She like to get together with interested folks to discuss our wishes determine a direction. Since Adult Forum does not meet on our Potluck Sundays (last Sunday of the month), she asks that we gather at 9:30am on Sunday, August 29 for a discussion.

"Becoming a Member"

Membership Chair **Cheryl Henry** will provide an informational session about Unitarian Universalism in general and UUFGC membership specifically. Stay after the service on **Sunday, August 15** for this informal session.

Beginning July 1, UUFGC has begun a new relationship with the Galveston County Daily News with participation in its Gold Program for advertising. We will now present a more visible presence to the community through weekly ads, each Wednesday. As you know we have been running a monthly ad which gives our Sunday program schedule as well as monthly events such as the provocative film series and the book sales. The increase in ad frequency to weekly will now allow us to publish details about these events, and others, which we hope will result in increased attendance and participation. Madeleine Baker, chair of the publicity committee, welcomes input and suggestions from members about topics to highlight in these ads. If you would like to work with her to write copy, or just to come up with suggestions for information you would like to get out to the public, please contact her at madeleinebaker@att.net.

Around UU

Microfinance Update: . The July compassionate collection went toward our microfinance efforts. Thanks to the generosity of our congregation we collected new donations of \$287. We added this to recently repaid prior loans and were able to provide 13 new loans. Since May 2007 we have made 128 loans totaling \$3925, and donated \$247 to support the operations of Kiva. We make new loans as we receive donations and re-lend as existing loans are repaid. All are welcome to help select loan recipients. We are part of the Unitarian Universalist lending team which now has 406 members. See our "portfolio" of all loans we have made at <http://www.kiva.org/lender/unitarianuniversalist3384>.

Social Action Committee: August compassionate collection will be for the Galveston Island Tree Conservancy, to assist with the reforestation of Galveston island. GITC is a non-profit which was formed after Ike to address our horrendous tree loss. This group has already facilitated the planting of almost 5,000 trees in its first year, and has the goal of 5,000 trees per year over five years.

Adult Forum (Religious Education): will resume weekly meetings on Sunday, August 1, at 9am. They will begin discussion of **Follow me to Freedom: Leading and Following as an Ordinary Radical** by Shane Claiborne and John M. Perkins. Books are available at the Fellowship.

Gulf Coast Interfaith update: GCI had

well attended orientation and training sessions in June and July with several of our congregation there. August meeting will be Tuesday August 24, 6 - 9 pm at Moody Methodist Church (2803 53rd St & Avenue U) in the Fellowship Hall (south side of church). If you are interested in being part of the effort to work with members of congregation across the county to create real social power using the IAF method, please reserve the date. If you are interested and aren't on the GCI mailing list, please e-contact her at LauraMurrell@att.net and she will add you to the list.
